Stretch & Release Massage

Stretch & Release Massage consists of a Deep Tissue and Swedish massage combined in one. This massage helps aid in flexibility, increase supply of oxygen, and reduces pain. This massage also includes hot stones and 20min on the vibration plate.

110 Min. | \$149

Mommy to Be

IPamper "Her" is our pregnancy massage that aims to help the mother become relaxed, work out tension from muscles, reduce soreness and improve the flow of blood in the body. The actual body parts covered may range from foot massage to head massages. This massage will include the Hot towel treatment with essential oils.

60 Min. | \$125

Pamper "Him"

Pamper "Him" is something for the fellas that focuses on relaxation. The purpose of this message is to de-stress, calm and relax the mind and body. A relaxation massage treatment will usually involve flowing strokes and kneading, performed at your chosen pressure. This massage incorporates wood tools and includes hot stones and vibration plate.

80 Min. | \$145

Swedish Massage

Swedish Massage involves soft long kneading as well as light, rhythmic, tapping strokes, on topmost layers of muscles. This is also combined with movement of the joints. By relieving muscle tension, Swedish therapy can be both relaxing and energizing. And it may even help after an injury

60 Min. | \$99

Deep Tissue Massage

Deep Tissue Massage helps relieve muscle tightness, chronic muscle pain, and anxiety. The massage therapist will apply slow, firm pressure to release muscle tension. The focus is on the deepest layers of muscle tissue, tendons, and fascia.

60 Min. | \$99

Relax & Burn Massage

Relax & Burn Massage helps with losing inches, burning fat, and shedding water weight. This message is paired with our Slim Trim Hot Cream massaged over the body and wrapped in our osmatic wrap and then place in the Sauna.

75 Min. | \$199

Detox Massage

Detox Massage is a great way to naturally rid your body of toxins and substances. This massage consists of a Swedish Massage using our Slim Trim Detox clay massaged on the body. The physical stimulation of a massage on the body causes the toxin buildup in your body's tissues to break down. Once these toxins are broken down, they become easy for the body to eliminate & release the toxins. A Detox shot is included with this massage.

The big day is fast approaching – very exciting times ahead!

To ensure your recovery is smooth sailing, the best thing you can do is be prepared.

Enclosed you will find a checklist of everything you will need to pack in your overnight bag to make your hospital stay as comfortable as possible.

Packing checklist for an overnight hospital stay

The Essentials Checklist

- ☐ Surgical Faja *GK Body Bar
- ☐ Pain Away Tea & Gel *GK Body Bar
- ☐ Foam Boards *GK Body Bar
- ☐ Dark colored, loose clothing that is easy to take on and off (front zip and button-down shirt options are great)
- ☐ A warm jacket
- ☐ Post Op Skin Cleanser *GK Body Bar
- ☐ Slip on shoes & compression socks
- ☐ Underwear
- ☐ Prescription medications in their original packaging
- ☐ Water/Pineapple Juice
- ☐ Travel size toiletries: shampoo, conditioner, dry shampoo, deodorant, bodywash, razor, toothbrush, toothpaste, wet wipes
- ☐ Skincare essentials: face wash, moisturiser, lip balm
- ☐ Glasses/contact lenses if you need them
- ☐ Surgical Scar Tape

Other tips for preparing for surgery
Some other key things to remember before the big day are:

- All piercings must be removed prior to the procedure. If you have a particular piercing that you cannot remove by yourself, please visit your piercer to remove the jewellery or notify the hospital prior to your surgery day.
- ALL fake tan must be removed before surgery.
- You will need at least 1 natural finger or toenail for heart monitoring. Please ask your specific hospital if you need to remove ALL false nails or polish before the day.
- Hair extensions with any kind of metal fastening must be removed prior to surgery (typically beaded or “clip-in” varieties).
- Please refrain from getting any kind of tattoo (including eyebrow microblading) before surgery to minimise risk of infection.
- Have a shower the morning of surgery and ensure your hair is clean.
- Remember to drink your carbohydrate Dex popper during your fasting period to help with anxiety, nausea and recovery from anesthetic.
- Read your Plastic Surgery Planner and ensure you understand all of your post-operative instructions.
- Shave your stomach & clean your belly button

We specialize in helping our clients achieve their surgery goals....It is important to keep up with your Post Operative Care to ensure your desired results.

Post Op Care Packages

Lymphatic movement is a form of treatment that encourages the movement of lymph fluids around the body. The fluid in the lymphatic system helps remove waste and toxins from the body. Some health conditions can cause lymph fluid to build up. This type of service can be beneficial for someone experiencing fibromyalgia, and other conditions. Lymphatic Stimulation are essential for Post Op Surgery clients.

Pressotherapy

Pressotherapy is similar to a lymphatic drainage massage, but while massage is performed by hand, pressotherapy is administered by a machine that dispenses the correct amount of pressure every time.

Following the principles of lymphatic drainage, Pressotherapy applies a wave of gently pressure to the subdermal tissue, from ankle to abdomen(jacket is from arms to abdomen). The effect is an increased lymphatic drainage and venous return.
